The license contains a time unlimited use of **VennMaker 1.x** (Version 1.0, 1.1, etc.) and a 30 days installation support via Email. After receiving the download link you can send your support question for 30 days to support@vennmaker.com.

**Single-user license:** Installation of VennMaker purchased under a single user license is restricted to one single person. In typical training sessions, more than one copy of the program is used concurrently. This is NOT covered under the single-user license; you must purchase a multi user license for such applications.

**Multi-seat license:** A multi-user license includes the permissions to install the software on multiple computers. Example: A 5-seat license allows you to use VennMaker on 5 computers by an unlimited amount of users.

Restrictions on use and sharing of personal data: The following data will be saved: Type of license, name, company/ institution, address, country, Email. We will use your personal data solely for the purposes of internal administration. We will not disclose these data to any third parties.
